

THINGS TO DO

Sri Lanka is a beautiful island filled with incredible sights to see and things to do. We recommend exploring if you have the time! There are direct flights from Colombo to some towns, but most prefer to travel by road/rail. If you need any further advice planning your trip or for accommodation suggestions outside of Colombo, please email the hospitality team at kairosweddings@gmail.com

While we've organized the places by interest, we'd highly recommend you mix and match to get a sense of everything Sri Lanka has to offer.

We'll let you do your own discovering, but we've provided our recommendations where we have them!
